

Winter Operations and Post-Crash Survival

Does the thought of winter flying put a knot in your stomach? Perhaps you feel it would be best to wait till Spring to spread your wings again. It doesn't have to be that way. Winter flying can be safe and fun. At this informative briefing we'll discuss the steps that every pilot should take to enjoy flying during the crisp, clear days of winter. Additionally, the Maine State Warden's Service will discuss survival preparedness and techniques. Don't miss this critical safety briefing!

Directions: Rt 1 to center of town. Turn left on State Street. Pick up Rte 227 to airport entrance. Follow to blue hangars.

A message from the National FAASafetyTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants.
